Please review the information below and determine your status. The information you provide about your educational institution will be used by PHPKB to conduct a check on your education qualification. If you have any questions please [contact our sales department online](#) or by phone at: +91 (181)-461-3940.

Who can purchase an Educational License?

Qualified education end-users and institutions can use the educational discount to purchase PHPKB products at a reduced price. Education end users are full-time students, faculty, staff, and employees of accredited non-profit educational institutions. You need to contact our sales department and provide information about your educational institution so that we can check your eligibility for an educational license and provide a discount code to complete your purchase on our online store.

Are there any restrictions on how education licenses of PHPKB software can be used?

Yes, the educational licenses of PHPKB products may not be used for any commercial purpose.

Note: Licenses may only be used for teaching, learning, and knowledge sharing with students and staff. An educational institution or organization cannot use these licenses for any commercial purpose.

Can tax-exempt purchases be made in the PHPKB Store?

Tax-exempt purchases can be made on our online store; the tax-exempt certificate number must be entered at the time of purchase.

Online orders placed in the US are subject to sales tax. If tax-exempt, enter your tax id number at the top of the checkout window when you are entering your credit card details.

The screenshot shows the phpkb checkout interface. At the top, the phpkb logo is visible. Below it, the total amount is \$285, with a link to 'View Details'. A 'Tax Exempt?' link is present, which has triggered a modal form titled 'US Sales Tax Information'. The form contains a checkbox for 'I hereby affirm I am buying on behalf of a tax exempt entity.' with a 'Learn More' link. Below this are two input fields: 'Tax Exemption Number' (containing 'Tax Exemption ID') and 'Enrollment State' (a dropdown menu showing 'State'). A 'Submit' button is located to the right of these fields. Below the form are three input fields for 'MM', 'YY', and 'CVC'. Underneath is the 'Billing Address' section with fields for 'Address', 'City', 'State' (dropdown), and 'Zip Code'. A 'Tax: \$0.00' label is shown next to the zip code field. A 'United States' button with a flag icon is also present. At the bottom of the form is a large orange button labeled 'Pay \$285'.

Tax-exempt info

If the tax id was not entered on the tax-exempt option during the online purchase and the tax was charged, you can [request a refund of the tax paid here](#). A copy of the tax exemption certificate and order number will be required for a refund.
