

# How to edit or update billing details on FastSpring?

 Ajay Chadha

 513  0

If you have made a payment using our payment provider, FastSpring, and you wish to edit billing details such as the address, credit card, or name of your existing subscriptions, kindly follow the below steps.

1. In your receipt or subscription activation notification email, click the link to Manage Your Orders.
2. Follow the instructions to access your Account Management page.
3. On your Account Management page, click the Subscriptions tab and use the Manage options to update your payment method or cancel your subscription.

The screenshot shows the 'Your Example Store' account management interface. The top navigation bar includes 'Orders' (selected), 'Subscriptions', 'Account Details and Payment Methods', and a language switch to 'English'. The main section is titled 'Your Orders' and displays a single subscription entry for 'Example Subscription - Monthly'. The entry shows a blue placeholder image, the subscription name, a note that it 'Renews every month', a download link for 'Example.pdf (0.21MB)', and a license key '01SsMD1CCzhEou0r1nJL'. It also indicates a price of '\$30.00-\$0.00 x1', a savings of 'You save 100%: \$30.00', and a total of '\$0.00'. A 'View Details' link is present. Below this, a summary section shows 'Order Reference YOU210122-2182-76126', 'Order Invoice', 'You saved: \$30.00', and 'Total: \$0.00'.

If you cancel your auto-renewal plan, your subscription will cancel and deactivate at your next scheduled payment date.
